MAJLIS PELANCARAN PELEKAT KENDERAAN PROMOSI JOM BAYAR CUKAI TAKSIRAN MPAJ

MPAJ telah melanjutkan tempoh bayaran cukai taksiran bagi penggal kedua tahun 2021 sehingga 31 Disember tanpa caj denda lewat. Lazimnya semua bayaran cukai taksiran yang dilunaskan selepas 31 Ogos akan dikenakan denda RM 20. Ianya dilaksanakan kerana MPAJ prihatin dan peka dengan situasi negara yang berdepan penularan wabak Covid-19 hingga mengakibatkan ada individu hilang punca pendapatan. Ianya diumumkan oleh Tuan Mohd Fauzi bin Mohd Yatim, Yang Dipertua MPAJ semasa Majlis Pelancaran Pelekat Kenderaan Promosi Jom Bayar Cukai Taksiran MPAJ 2021 di Menara MPAJ pada 29 Oktober 2021.

Launching Ceremony of Let's Pay MPAJ Assessment Tax Car Sticker

MPAJ has extended the assessment bill payment period for the second half of 2021 until 31 December 2021 without any late fine charges. Usually, all assessment bills need to be paid before 31 August or late fine charges will be charged. It was implemented because MPAJ is concerned and sensitive to the situation of our country facing the spread of the Covid-19 which has resulted in some individuals losing their source of income. This initiative

MPAJ mengambil inisiatif memperkenalkan pelekat kenderaan cukai taksiran sebagai kaedah baru untuk mempromosikan pembayaran cukai taksiran. Ianya adalah inisiatif tambahan mempromosikan kempen Jom Bayar Cukai Taksiran sejak Jun 2021 melalui beberapa saluran termasuk media sosial. Bagi tempoh Januari hingga 30 September 2021, MPAJ merekodkan sebanyak RM62.7 juta atau 77.52 peratus kutipan cukai taksiran semasa serta RM13.5 juta atau 112.80 peratus kutipan tunggakan cukai taksiran pada tempoh sama. Justeru itu, pelaksanaan inisiatif mempromosikan pembayaran cukai taksiran melalui pemakaian pelekat kenderaan adalah langkah bijak. Pelekat kenderaan ini ditampal di kenderaan MPAJ sebagai promosi dan hebahan bergerak. Mana-mana pihak yang mahu membuat pembayaran secara dalam talian hanya perlu mengimbas kod QR pada pelekat tersebut. Cukai taksiran adalah sumber pendapatan utama MPAJ yang boleh dikenakan kepada setiap premis seperti diperuntukkan Seksyen 127 Akta Kerajaan Tempatan 1976 (Akta 171).

was announced by Tuan Mohd Fauzi bin Mohd Yatim, MPAJ's President during the launching ceremony of Let's Pay MPAJ Assessment Bill Car Sticker at Menara MPAJ on 29 October 2021.

MPAJ took the initiative to introduce assessment bill car stickers as new methods in promoting people to pay their assessment bills. It is an additional initiative to promote the Let's Pay Assessment Bill campaign since June 2021 through several channels including social media. For the period January to 30 September 2021, MPAJ recorded a total of RM62.7 million or 77.52 percent of current assessment tax collection and RM13.5 million or 112.80 percent of assessment tax arrears collection in the same period. Therefore, the implementation of initiatives to promote the payment of assessment bills through the use of vehicle stickers is a wise move. These vehicle stickers are posted on MPAJ vehicles as promotions and mobile announcements. Any party who wants to make a payment online just needs to scan the QR code on the sticker. Assessment tax is MPAJ's main source of income that can be imposed on each premise as provided in Section 127 of the Local Government Act 1976 (Act 171).

SEBANYAK 54 kebun komuniti di bawah pentadbiran MPAJ menyertai pertandingan kebun komuniti bagi merebut hadiah keseluruhan bernilai RM 28,000. Pertandingan diadakan sebagai dorongan dan sokongan kepada pengusaha kebun komuniti dalam menuju ke arah bandar hijau rendah karbon. Secara keseluruhannya terdapat 54 kebun komuniti dan kebun sekolah yang berdaftar di bawah program komuniti MPAJ. Pertandingan ini adalah kali kedua dianjurkan dan hadiah kemenangan diberikan hasil daripada kutipan caj beg plastik.

Pelaksanaan kebun komuniti pada peringkat awal adalah untuk

mengindahkan kawasan tanah terbiar dan sebagai bekalan makanan kepada warga kebun. Bagaimanapun terdapat kebun komuniti yang mengorak langkah dengan mengambil inisiatif menghasilkan produk tersendiri. Kebun komuniti juga adalah salah satu daripada perancangan kejuranan hijau yang digariskan dalam garis panduan kejuranan hijau oleh pihak PLANMalaysia. Majlis pelancaran telah disempurnakan oleh Tuan Mohd Fauzi bin Mohd Yatim, YDP MPAJ pada 30 Oktober 2021 bertempat di kebun komuniti Pangsapuri Cemara.

A TOTAL of 54 community gardens under the administration of MPAJ participated in the community garden competition to win the overall prize worth RM 28,000. The competition was held as an encouragement and support to community garden operators in heading towards a low carbon green city. In total, there are 54 community gardens and school gardens registered under the MPAJ community program. This is the second time MPAJ hosted such an event where the winning prizes come from the collection of plastic bag charges.

The implementation of community gardens at an early stage was to beautify the fallow land area and as a food supply to the residents. However, there are community gardens that are taking the initiative to produce their own products. The community garden is also one of the green neighbourhood plans outlined in the green neighbourhood guidelines by PLANMalaysia. The launching ceremony was officiated by Tuan Mohd Fauzi bin Mohd Yatim, MPAJ's President, on 30 October 2021 at Pangsapuri Cemara community garden.

Anugerah 'ASEAN MYPLACE MAKER 2021'

2021, kelima-lima penyertaan berjaya menerima hadiah saguhati. 'Place making' memberi inspirasi kepada orang ramai untuk secara kolektif membayangkan semula dan membina semula ruang awam

untuk komuniti. Ia membantu mengukuhkan hubungan antara orang dan tempat yang mereka kongsi, ia juga menggalakkan reka bentuk bandar yang lebih baik dan memaksimumkan nilai bersama.

ASEAN MYPLACE MAKER 2021

MPAJ submitted five entries in the ASEAN MYPlace Maker 2021. All entries were nominated for Best Placemaker Government (Public Space) category. On 10 November 2021, all five entries successfully received consolation prizes. Placemaking inspires people to collectively reimagine and rebuild public spaces for the community. It helps strengthen the connection between people and the places they share. It also promotes better urban design and maximises shared value.
