Sambutan hangat Kiss di Teratai dan Ampang

AMPANG – Program Kasih Ibu Smart Selangor (Kiss) yang memfokuskan golongan ibu terus mendapat sambutan menggalakkan daripada rakyat.

Adun Teratai, Tiew Way Keng berkata, sambutan Kiss di Dun Teratai sangat 'hangat' kerana setiap hari Pusat Khidmat Rakyat Dun Teratai menerima kunjungan daripada komuniti setempat untuk memohon Kiss.

"Sehingga kini, lebih 100 permohonan Kiss telah kami terima.... Setiap permohonan akan menjalani proses tapisan sebelum diluluskan, sama ada layak atau tidak untuk menerima skim terbabit," katanya.

Way Keng juga berharap golongan ibu di Dun Teratai dapat memohon segera sebelum hujung tahun ini.

"Mereka boleh datang ke Pusat Khidmat Rakyat Dun Teratai, bawa dokumen yang diperlukan. Kita juga sediakan kaunter bergerak di setiap Zon Jawatankuasa Penduduk Majlis Perbandaran Ampang Jaya," katanya.

Beliau berkata, pihaknya juga menerima cadangan daripada rakyat agar agenda Inisiatif Peduli Rakyat (IPR) ini diperluaskan lagi kepada golongan bapa tunggal.

"Masyarakat ada mencadangkan kerajaan negeri mengadakan program

sebegini untuk bapa tunggal...kerajaan negeri sedia maklum berhubung cadangan daripada rakyat itu," katanya.

Sementara itu, Ahli Parlimen Ampang, Zuraida Kamaruddin berkata, orang ramai datang ke Pusat Khidmat Rakyat Parlimen Ampang untuk memohon Kiss sejak ia dilancarkan.

"Masyarakat di sini juga tidak mahu melepaskan peluang untuk memohon Kiss dan program sebegini juga tidak ada di negeri lain," katanya.

Zuraida berkata, pihaknya turut memperjuangkan nasib para ibu yang berpendapatan rendah agar diberi pengiktirafan," katanya.

THE new elevated U-turn at the EkoCheras mixed development project has been completed by Ekovest Bhd for smoother traffic flow along the upgraded MRR2 in Cheras.

Traffic is expected to be smoother from Jalan Cheras towards Kuala Lumpur city centre and also onto MRR2 towards Ampang and Setiawangsa.

It was officially opened by Chief Secretary to the Government Tan Sri Dr Ali Hamsa.

"It is a winning combination for traffic management, convenience and safety because the traffic along Jalan Cheras has been a prominent issue for residents in the area.

"However, with this new elevated U-turn and the upgrading of Jalan Cheras, which includes road widening and flood mitigation, these efforts are expected to benefit 3.6 million motorists on a monthly basis," said Dr Ali.

Also present was Ekovest Bhd executive chairman Tan Sri Lim Kang Hoo.

Lim said convenience was central to the conception of Ekovest's malls, ranging from being able to buy everything in a single place to being a place for people to hang out.

"We also take into account the time that is needed for our customers to reach the mall, the traffic and finding a parking spot," said Lim.

The mixed development project has a gross development value of RM2.11bil and is located on a 4.85ha freehold land.

EkoCheras is only 9km from the city centre and is easily accessible via MRR2, East-West Link, Grand Saga Highway and Silk Highway.

Upon completion, EkoCheras will be the tallest in the area with its Sky Lounge and Roof Garden to enhance the living experience of the residents. It is part of an integrated development with over 1,500 units of condominium and serviced apartments, hotels and office building.

EkoCheras will have a dedicated covered link-bridge that directly connects Taman Mutiara MRT station and the mall. Its spacious parking bay has over 4,000 lots.
